**APRIL 2018**

**Meeting Highlights & Other News:**

**Trails Open April 21<sup>st</sup>, Yay!!!  
(Weather permitting, of course)**

March's meeting opener was held at Redfield Volunteer Fire Dept, there were 100+ in attendance. A spaghetti lunch was held after the meeting, great like always. Most people stayed to eat, thank you!

Guest speakers present were from the DEC, Environmental Conservation Officers Greg Maneeley and Matt Harger. They helped explain some of the many things they look for, some of the laws, what things will get you a ticket, the best way to avoid a ticket, registering machines, weight limits, etc. Some of which struck up some debate. The main points were:

- \*Stay on the trails, leaving the trails means you are where you should not be
- \*Town & County Roads maximum speed limit = 25mph, not over, open to atv's and if posted otherwise, follow the limit
- \*Traffic Law requires a helmet, no matter the machine, must be DOT certified, expire 5yrs after manufacture date (club requires helmets)
- \*Always have a trail map, just because it looks like a trail, does not mean it is, follow your map
- \*Follow trail signs/markers, this will help keep you where you are supposed to be
- \*Must be registered in NY, have insurance and proof of both, NY recognizes out of state registrations, only if you are a resident of that state, otherwise NY will not recognize that registration, if another state doesn't require registration for ATVs, it is required that a NY registration is obtained to ride in NY (same with other states that require you to register your machine to ride in that state)
- \*70" or 1000lbs+ are not registerable in NY, registrations must match weight limit of machine, no stripping and reweighing to meet legal requirements, it is known what machines are registerable and what aren't  
Just because your buddy says it or does it, doesn't make it so!

The treasurers report is always available for any one to view, at any time. There is nothing kept secret. You can obtain a copy at each monthly meeting or directly from Claudia. Please contact her if you need a copy.

Helmets must be worn at all times, per traffic law and club rules. It doesn't matter what type of machine you are riding!

**ATV Safety Course News**

Hogsback Rd (old campground)

Last years safety courses went very well, there was a good turn out for all age groups and everyone passed.

This years course dates are as follows: May 26, June 23, August 11, September 8 (all Saturdays)

Age groups will be determined according to interest.

The course will again be free to club members, however there will be a \$25 cancellation fee for those who sign up and do not show up. You **MUST** give 48 hours notice if you have to cancel! It is highly recommended that everyone take the course, as even experienced riders can gain valuable knowledge. Also the club is looking into getting a small enclosed trailer to store supplies for the course, (cones, etc). If anyone knows of one for sale please let us know.

If you are interested in helping Wayne set up for the course, let him know.

To sign up or for more information contact: Wayne Slate 315-569-2702

**An agreement has been made to open the Barclay Trail on May 10th instead of the usual June 1, however, no riding will be permitted before noon on this trail. This is due to turkey hunting season, so please respect those who will be hunting in the area by not riding before this time. This is a one season trial, if everything works out it will become annual, if it doesn't work out, it will go back to being open June 1<sup>st</sup>.**

**The following trails are currently closed: Yamaha (unknown time frame, at landowners request, sap business, safety concerns)**

**If you have signed up to do trail work, please call the trail boss for whatever day of the week you are interested in. It is up to you to contact them. They need all the help they can get.**

**If there is a trail marked closed and it has ribbon, signs, gates or any other such things, then the trail is closed. Do Not go around. It may be closed do to a hazard, issue with a landowner, hunting (if there is at the time) or many other things. We have trails that open and close at different times throughout the riding season. It is not possible to mark these on the maps because they change so much. Check the website, Facebook or call a Trail Boss if you have any questions about a certain trail.**
